financial assistance of the Governmentof India. The scheme commenced on 25th August 1947.

2. The Government Mycologist who is incharge of the survey is of the opinion that the survey should be continued during December 1947 also when incidence of rust will be greater. The Director of Agriculture Madras proposes to continue one Assistant till 31-12-1947 to conduct the survey. From the inception of the scheme only three Assistants have been employed for conducting the survey though four were sanctioned. In view of this there will be some saving which can be utilised for the further employment of one Assistant as proposed by the Director of Agriculture, since no additional funds are required, the Government have permitted the Directorof Agriculture to continue the services of one Assistant till 31-12-1947 for completing the work. A copy of this Government's proceedings No. 5424 dated 21-11-1947 is enclosed.
